

We are contacting this agency to let you know that we are totally against the sweeping changes being proposed that would allow monopoly power to only a few communication companies, altering a good law that has stood for many years, as a means of insuring that the people could have information from a variety of sources. Do not alter the competitive media opportunities that the public has had in the pst. You must always do what is best for the public interest, not what is best for those who would undermine this great trust instilled in you by your position at the FCC. Vote for the citizens best interests, which includes allowing the people to decide what is truth and what is trash. America needs a diverse media, offering various viewpoints to maintain our way of life and the future of democracy. Thank you for your time to read this.
